EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and /or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST submit no later than the payment of the issued fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Dale B. Halling (Reg. No. 38,170).

The following changes have been made to the subject application:

In the claims

IN CLAIM 1:

Line 5; replace "a reference generating circuit coupled to the cross coupled latch" with -- a reference generating circuit having an output coupled to provide a reference signal to the cross coupled latch --.

IN CLAIM 9:

Line 2; replace "a transmission gate" on line 2 with --a first transmission gate--.

IN CLAIM 15

Line 3; replace "a reference voltage generating circuit coupled to the cross coupled latch" with -- a reference voltage generating circuit coupled to provide a reference signal to the cross coupled latch --.

Reason for Allowance

The following is an examiner's statement of reasons for allowance: the prior art of records (US Pat. 5, 107,465 and US Pat. 6,870,413) fails to teach or suggest a signal transmission amplifier circuit comprising a reference generating circuit having an output coupled to provide a reference signal to the cross coupled latch as called for in claim 1; a second transmission gate coupled to the reference input, and a reference generating circuit having an output coupled to the reference input through a second transmission gate as called for in claim 9; a reference voltage generating circuit coupled to provide a reference signal to the cross coupled latch, and a second transmission gate between the reference voltage generating circuit and the

cross coupled latch as called for in claim 15. Therefore, claims 1-3, 6-13, 15-17 and 20 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
